

July 1892

When I arrived at the house
 in the forenoon I met at my own
 house Mayor Sherman, Chief
 of Police, and all the members of the
 Board of Health. Mr. Sherman's present
 resignation of Mayor Martin's
 office was read and I then stated
 that I expected to fill the vacancy
 of the Board of Health and was
 glad to give help in the way
 of the Board of Health by the
 fact that the Board of Health
 was now in the office of the
 Mayor of the City.
